

# **MINE SCHOOL**

## **Simulator Training**

**BUS LEAVES JRMCC**

**9:45am, 11:00am, & 1:30pm**

**Tuesday, May 1, 2018**

## **La Ronge Career Fair Special Event**

Northlands College Mine School is located in Air Ronge.

There will be busses leaving JRMCC at 9:45am, 11:00am and 1:30pm.

Students will spend 10 – 15 minutes at each one of 4 stations in groups of 5 to 10 for about 45 minutes in total for each group.

- #1. Simulator Training Overview – A presentation and question answer session that provides the students with an idea how equipment simulators are used in training. Examples of uses today in the mining and other industries will be provided. Reasons behind the use of simulators in training will be discussed along with the job skills that will be developed using the simulators at the mine school.
- #2. Underground Drill Simulator – A presentation and hands on experience on the simulator. This machine trains people to do the drilling required for Underground mining.
- #3. Scoop Tram Simulator – A presentation and hands on experience on the simulator. This machine trains people to run the underground loader that moves ore in an underground mine.
- #4. Heavy Equipment Simulator – A presentation and hands on experience on the simulator. This machine trains people to run a dozer, loader and other surface Heavy Equipment.

(Chris Best is the Northlands Simulator Instructor)
