Are partnering to deliver a 4-year fully accredited

NORTHERN INDIGENOUS TEACHER EDUCATION PROGRAM (NITEP)

Bachelor of Education Degree

The Program

- GDI has been working with the Province's Universities for the past 40 years to train over 1200 Indigenous teachers whose credentials are recognized across Canada. To address the Teacher shortage in Northern Saskatchewan, GDI and the Lac La Ronge Indian Band are proud to announce they are partnering to deliver a Northern Indigenous Teacher Education Program.
- Do you want to enroll in a 4 year fully accredited Teacher Training Program with an emphasis on Northern Indigenous Culture, language, with land-based instruction?
- Do you want a Program that emphasizes community where you and your classmates study together for 4 years through personalized face-to-face instruction and on-site support?

A serene landscape photograph of a sunset over a calm body of water. The sky is a mix of soft orange, yellow, and pale blue, with wispy clouds catching the low light. The sun is partially obscured by a dark line of trees on the horizon. In the foreground, the dark silhouettes of tree branches and leaves frame the top and sides of the image, adding depth and a sense of being in nature. The water reflects the warm colors of the sky.
